

Request for Proposal Project 25-004

I. Introduction

We invite general, painting, and electrical contractors to bid on a project within our facility.

II. Project Objectives

This project consists of installing an automatic slide glass door. This door must be like the ones used in a hospital environment.

- Door will need the following features
 - Wall mounted badge reader for entering clinic area.
 - Wall mounted push button to exit clinic area.
 - Back up battery for door in case of power loss.
 - The door opening system must be tied into the fire alarm system.
 - If the alarm is activated the door must automatically open.
 - The door must stay open until the alarm system is cleared.
 - The door will be located on the South side of the present wall opening.
 - The door will need to slide West to an open position and East to a closed position.

III. Target Audience

We are looking for Champaign County – based contractors if possible that fall into one of the following categories. But all contractors are welcome to bid on this project but must be fully bonded and insured.

- Minority Owned
- Women Owned
- Veteran Owned
- Owned by a disabled individual

IV. Proposal Submission

Interested contractors should submit their interest by noon on March 3, 2025. All requests received after the said time and date will not be accepted for this project.

V. Contractor Meeting

There will be a contractors meeting held in the main conference room at Champaign-Urbana Public Health District at 12PM on March 18, 2025. All contractors that arrive after the start of the meeting will be disqualified from bidding on project 25-004.

VI. Contact Information

All inquiries and proposal submission, please contact Jim Thomas at jthomas@c-uphd.org.
