

# ANNUAL REPORT 2008

## Champaign-Urbana Public Health District

*January 1 - December 31, 2008*

201 West Kenyon Road; Champaign, IL  
[www.c-uphd.org](http://www.c-uphd.org)

## Mission Statement

The mission of the Champaign-Urbana Public Health District is to improve the health, safety and well-being of the community through prevention, education, collaboration, and regulation.

## Vision Statement

The Champaign-Urbana Public Health District is a progressive and respected advocate for the health, safety, and well-being of our community.

## The Three Core Public Health Functions and Ten Essential Public Health Services

- Assessment
- Policy Development
- Assurance

Image adapted from the Public Health Functions Project, coordinated by the Office of Disease Prevention and Health Promotion, Office of Public Health Science, Office of the Secretary, and U.S. Department of Health and Human Services.

- Monitor Health Status to Identify & Solve Community Health Problems
- Diagnose & Investigate Community Health Problems & Hazards
- Inform, Educate & Empower Community about Health Issues
- Mobilize Community Partnerships & Action to Identify & Solve Health Problems
- Develop Policies & Plans that Support Individual & Community Health Efforts
- Enforce Laws & Regulations that Protect Health & Ensure Safety
- Link People to Needed Personal Health Services & Assure the Provisions of Health Care when Otherwise Unavailable
- Assure a Competent Public Health & Personal Health Care Workforce
- Evaluate Effectiveness, Accessibility, & Quality of Personal & Population-Based Health Services
- Research for New Insights & Innovative Solutions to Health Problems

**Julie A. Pryde, MSW, LSW**  
**Public Health Administrator**

**- A Letter From The Administrator -**

2008 was a year of great changes, challenges, and successes. Through community collaboration, strong leadership, and strategic planning, the Champaign-Urbana Public Health District (CUPHD) has emerged as a strong, stable agency as well as a definitive community resource.

I am both honored and excited to have officially accepted the position as Administrator of the Champaign-Urbana Public Health District (CUPHD) at such a pivotal time in our history.

CUPHD is now housed in a beautiful 99,000 square foot building with plenty of room for expansion and community collaboration. We are proudly displaying the new national public health logo. We have a creative, motivated, and skilled workforce that is passionately striving to make our programs and services the best they can be.

Currently, CUPHD is privileged to have one of the most innovative and talented Leadership Teams in the history of CUPHD. This dedicated Leadership Team is laboring diligently to design and implement procedures that will benefit CUPHD not only now, but well into the future.

While we, like every other governmental and not-for-profit agency, face serious challenges associated with the current economic downturn, CUPHD is well-positioned to ride out this storm. The entire staff is searching for innovative ways to help CUPHD save resources, maximize reimbursement, and find and develop new sustainable streams of revenue.

Perhaps the biggest challenge facing CUPHD and our community is the ever looming threat of pandemic influenza. Champaign-Urbana Public Health District has been actively aggressive in our approach to ensuring that our county is as prepared as possible. CUPHD was chosen by the Centers for Disease Control and Prevention (CDC) as one of only two cities in the United States to participate in a revolutionary community-wide pandemic planning training. Following that, CUPHD wrote for and received a grant of over \$500,000 to assist our community to prepare. We have hosted extensive trainings for other agencies in our county, presented at churches, schools, community-based organizations, and neighborhood groups, and we continue to collaborate with other first responders to ensure that Champaign County will fare well in the event of a pandemic or other public health emergency.

It is with great pride and enthusiasm that I work to lead CUPHD into the future. The next year will be a time for CUPHD to focus on our core services, look for new areas of opportunity, and continue to improve our core functions of assessment, policy development, and assurance.

## Champaign-Urbana Public Health District Welcomes New Administrator

**- Julie A. Pryde, MSW, LSW -**

At the monthly Champaign-Urbana Public Health District (CUPHD) Board of Health Meeting on Monday, November 10, 2008, Board members unanimously appointed Julie A. Pryde as the new Public Health Administrator. This announcement was met with a round of impromptu applause from audience members attending the meeting. Pryde had been serving as Acting Administrator for over 1 ½ years, since the previous Administrator, Vito Palazzolo, was placed on administrative leave.

"We as the Board are honored to announce that Julie Pryde has been appointed as the permanent CUPHD Administrator," said Carol Elliott, Chair of the CUPHD Board of Health. "Ms. Pryde has the support of the Board, the staff at CUPHD and the community, and has already proven her ability to lead. We are lucky to have her."

The CUPHD Board of Health released a public advisory on Friday, November 7, 2008 encouraging community leaders and members to attend Monday's meeting to discuss the appointment of the Public Health Administrator and provide public commentary. Board members received many letters, emails, and phone calls requesting that Pryde be formally appointed as Administrator, and many community members, CUPHD staff and State officials attended Monday's meeting to give personal testimonials on Pryde's behalf.

"I was immensely touched by all the support I received at the Board of Health meeting," said Julie Pryde, Public Health Administrator for CUPHD. "Public health is what I want to do, and I am thrilled that I can do what I love in a community as open, diverse, and progressive as Champaign-Urbana. CUPHD has had many challenges in the past, but I am confident that the future is very bright. We have a group of employees who are dynamic, passionate, and dedicated."

Julie Pryde started at CUPHD in 1989 as a social work intern working under Joan W. Lathrap. After graduating with her Masters in 1992, Julie worked as Program and Policy Consultant for "Hope for the Children", as a Senior Research Associate for the National Mentor Project, UIUC; and as an Adjunct Faculty in "Social Welfare Policy" and "Contemporary Social Work" at the UIUC's School of Social Work.

Julie Pryde joined the staff of CUPHD in June of 1995 as a Program Consultant in the Division of Social Services and as the Project Director for the IL Region 6 HIV Prevention Implementation Group. In 2001, she was hired as the Director of the Division of HIV/STD/TB Prevention and Management at CUPHD. In 2005, the Division expanded to include communicable diseases and adult immunizations and was renamed the Division of Infectious Disease Prevention and Management. In May of 2007, Julie was appointed Acting Public Health Administrator.

Julie Pryde is an accomplished grant writer, researcher, and speaker. She has been published in three professional journals and has presented at such national conferences as the International Mobile Health Conference in Las Vegas, the US Conference on AIDS in Anaheim, and the National Harm Reduction Conference in Seattle. She has also been a consultant and speaker with the Illinois Department of Public Health. Julie was awarded the "Joan Severns Award" by the Greater Community AIDS Project, the "Red Ribbon Award for Takin It ToThe Streets" from the Illinois Department of Public Health, and was a member of the Leadership Circle with the AIDS Foundation of Chicago. She also served as an Investigator for the Home Access' FDA Post-Marketing Surveillance Study. She currently serves on the Community Advisory Board for the Illinois Morbidity Monitoring Project, and as a Board Member of MobileOutreach.info.

**Public Health**  
Prevent. Promote. Protect.

Champaign-Urbana Public Health District

## CUPHD - BOARD OF HEALTH

The Champaign-Urbana Public Health District (CUPHD) is governed by a three person voting board made up of elected Champaign-Urbana officials. Advisors to the board include an appointed medical advisor and treasurer. This governing board is directly responsible for overall operations, financial stability, and the community standing of the Champaign-Urbana Public Health District.

### Carol Elliott, Chairperson

"CUPHD is a special district; the statute requires that the township supervisors of the City of Champaign Township, Cunningham Township, and the Chairperson of the Champaign County Board serve as the CUPHD Board of Health. An election is held annually in April to elect officers of the board.

I was appointed to the position of Cunningham Township Supervisor in January 1996 to complete the term of my predecessor. I continue to serve in that position and have filed nominating petitions to run in the general municipal election in April 2009 for the term effective May 2009 through May 2013.

Cunningham Township is a local unit of government which provides financial and medical benefits to eligible persons within the township. I am the Chief Executive Officer of the township and am responsible for preparing the budget, levy and overseeing the administration of the General Assistance program.

Although my official role as a CUPHD board member didn't begin until January 1996, I became very familiar with CUPHD services when I began working at Cunningham Township in 1980. I have seen the role of public health greatly expand over the years to what it is today. My experience in working for local government is essential to serving as a board member.

2008 brought many changes to CUPHD - a new building to consolidate services; participation in national pandemic and emergency services planning events; continuing assessment and identification in the constantly changing role of public health; and most important, a change in leadership. The current administrator and the management team have brought a renewed sense of service. I applaud their efforts and look forward to what the new year will bring."

**Public Health**  
Prevent. Promote. Protect.

Champaign-Urbana Public Health District

## **C. Pius Weibel, Secretary**

“During the past year, I was pleased to see the staff continue to adjust to their new offices, to see most of the final remodeling touches on the new offices, and to welcome our new administrator.”

C. Pius Weibel serves as Secretary of the CUPHD Board in his capacity as the Chairperson of the Champaign County Board. Mr. Weibel was elected to the Champaign County Board in 2004 and re-elected in 2008. He has served as County Board Chairperson since December 2006. Mr. Weibel is also a Senior Geologist at the Illinois State Geological Survey, which is part of the University of Illinois Institute of Natural Resource Sustainability.

## **Linda Abernathy**

Linda Abernathy is City of Champaign Township Supervisor and founder and board member of Best Interest of Children, a community-based organization dedicated to making positive changes for troubled families in crisis (especially their children), who are at risk of out-of-home placement.

---

Advisors to the CUPHD Board of Health include:

**Robert Brunson, Treasurer**

**Dr. David Morse, Medical Advisor**

**Fred Grosser, Attorney**

**Public Health**  
Prevent. Promote. Protect.

Champaign-Urbana Public Health District

## ANNUAL REPORT - 2008 January 1 - December 31, 2008

The Champaign-Urbana Public Health District (CUPHD) has worked since 1937 to prevent disease and promote public health.

In 1996 the Champaign County Public Health Department was formed by a referendum of county voters bringing many of the same public health services to Champaign County residents living outside Champaign-Urbana.

Together, these agencies provide a host of vital services to all Champaign-Urbana residents, as well as selected services to Champaign County residents at large. Public Health services include, but are not limited to, environmental health inspections and permits; disease tracking and reporting; HIV counseling and testing, prevention and management; sexually transmitted disease testing and treatment; immunizations and an array of other services to pregnant women, children, teenagers and adults of all ages.

This is a progressive report of Public Health services provided by the Champaign-Urbana Public Health District in 2008.

## 2008 ANNUAL DRIVE-THRU FLU CLINIC

CUPHD held its Annual Drive-Thru Flu Clinic on October 8-9, 2008. This clinic was conducted as an emergency preparedness drill simulating a mass vaccination event. All CUPHD staff were required to participate in one form or another. In addition, several volunteers from UIUC, Parkland College and the local Red Cross participated. This two-day clinic uniquely tested the current state of CUPHD emergency preparedness, and allowed for improvements to be made without the added pressure of an emergency situation.

In 2008, 363 shots were given compared with only 232 shots in 2007.

## ENVIRONMENTAL HEALTH

Environmental Health inspects food and drink establishments, reviews kitchen plans for new facilities, enforces environmental laws, issues permits for private water supplies and private sewage systems, conducts lead paint investigations, and provides food-handling classes.

### FOOD PROTECTION

All restaurants, retail food stores, temporary food booths, taverns, convenience stores & other types of food services must obtain a health permit to operate.

Environmental Health conducts unannounced inspections at all food service establishments, reviews plans for newly constructed or remodeled facilities, investigates complaints, provides educational classes and information to food service workers, and initiates legal proceedings for non-compliance.

FOOD ESTABLISHMENTS:	C-U	County
Inspections Conducted	874	348
Temporary Permits Issued	125	169
Plan Review / Site Visits / Construction Surveys	4681	1142
Field / Office Conferences	11,830	5826
Educational Presentations	297	56
Complaint Investigations	106	27

### WATER PROGRAM

Environmental Health issues permits for new well installations, inspects and tests new wells, and makes sure that abandoned wells are sealed. Environmental Health also tests and inspects non-community water supplies and offers test kits for existing wells.

WATER PROGRAM:	C-U	County
Permits Issued	-	75
New Wells Inspected	-	147
Wells Sealed	-	52
Sealed Wells Inspected	-	6

**Public Health**  
Prevent. Promote. Protect.

Champaign-Urbana Public Health District

## SEWAGE PROGRAM

CUPHD inspectors review construction plans and applications for all private sewage systems and issues permits on approval. Inspections are performed on new systems, renovation or repair work, or as a result of complaints received.

SEWAGE PROGRAM:	C-U	County
Permits Issued	-	122
Inspections Conducted	-	194
Complaints Received	-	17
Complaint Inspections	-	43

### TATTOO ARTIST PROGRAM

Environmental Health helps ensure that Champaign-Urbana tattoo artists operate as safely as possible. CUPHD inspectors review plans and specifications for tattoo studios, inspect studios for sanitary conditions, assure compliance with Illinois age requirements, and test the artists' knowledge of sanitation and blood-borne pathogens.

TATTOO ARTIST PROGRAM:	C-U	County
Inspections Conducted	23	N/A

## TANNING PROGRAM

All tanning establishments in Champaign County must follow the guidelines of the Illinois Department of Public Health (IDPH). Environmental Health inspects public tanning facilities for general cleanliness and checks to see that beds and eyewear are properly sanitized. All tanning facilities must keep accurate client records and have safety information available, as well as provide current proof of employee training.

TANNING PROGRAM:	C-U	County
Inspections Conducted	17	11

## LEAD PAINT PROGRAM

Environmental Health investigates the source of exposure for lead-poisoned children. Environmental Health provides educational materials and instruction to renters and homeowners regarding lead-safe practices. Inspectors investigate complaints involving lead contractors and misuse of lead-based paints. Contractor plans are reviewed to ensure lead-safe practices are being used. Environmental Health drafts compliance letters and inspection reports for homes with lead and, when necessary, initiates legal prosecutions.

LEAD PAINT PROGRAM:	C-U	County
Inspections Conducted	-	-
Consultation/Counseling	33	-

## TICK PROGRAM

Ticks are a known carrier of disease, including Lyme Disease and Rocky Mountain Spotted Fever. Environmental Health encourages Champaign County residents to bring any found ticks to CUPHD for identification.

TICK PROGRAM:	C-U	County
Tick Identification	-	12
Tick Surveillance Drag (No ticks found during drag)	-	1

**Test Your Home For RADON!**  
*The Second Leading Cause of Lung Cancer...*  
**For More Information Call:**

## RADON PROGRAM

Radon is a naturally occurring, invisible, odorless gas that comes from deposits of uranium in soil, rock and water. Environmental Health promotes radon awareness throughout Champaign County and encourages radon testing in homes.

RADON PROGRAM:	C-U	County
Consultation/Counseling	29	4
Test Kits Distributed	321	85
Test Results Received	173	76
Test Results <4 pCi/L	78	44
Test Results ≥4 pCi/L	95	32

## MOSQUITO / WEST NILE VIRUS (WNV) PROGRAM

Environmental Health monitors local populations of mosquitoes for West Nile virus infection. This information assists in tracking and alerting the public in areas that are more likely to contain infected mosquitoes. Environmental Health also collects dead birds in Champaign County for West Nile virus testing.

## EMERGENCY PREPAREDNESS PROGRAM

The Emergency Preparedness Program at CUPHD provides education, community support and hands-on training for Champaign County. The goal of the Emergency Preparedness Program is to prepare Champaign County for active response in the event of a large-scale emergency.

Emergency preparedness activities include meetings held at local, state and regional levels with corresponding training activities. Local meetings include, but are not limited to, weekly emergency management meetings, an infectious disease working group at the University of Illinois, a Champaign County Public Information Officer workgroup, and educational outreach with community churches, schools and other agencies. State and regional activities include, but are not limited to, the Illinois Department of Public Health's Health and Medical Task Force, Regional Health Department Emergency Response Coordinator's meetings, and the 2008 Champaign County Emergency Preparedness Summit.

Emergency Preparedness Program:	C-U	County
Local Meetings Attended	54	54
Regional / State Meetings Attended	24	24
Training Sessions	22	22

MOSQUITO / WNV PROGRAM:	C-U	County
Mosquito Traps Placed & Collected	43	19
Positive Mosquito Batches	-	-
Dead Birds Submitted for Testing	4	4
Positive Birds	0	0
Complaints	3	8

## Fight the BITE!

## CHAMPAIGN COUNTY MEDICAL RESERVE CORPS (MRC)

Medical Reserve Corps units are community-based and function as a way to locally organize and utilize volunteers who want to donate their time and expertise to promote healthy living throughout the year, and to prepare for and respond to emergencies. MRC volunteers supplement existing local emergency and public health resources.

MRC volunteers include medical and public health professionals such as physicians, nurses, pharmacists, dentists, veterinarians, and epidemiologists. Other community members, such as interpreters, chaplains, office workers, and legal advisors can fill other vital support positions.

The Champaign County Medical Reserve Corps was taken over by CUPHD in 2007. In 2008, the Champaign County MRC received a \$10,000 grant from the National Association of City and County Health Officers (NACCHO) to jumpstart the program. The funds were used for program development, advertising, and training materials. The Champaign County MRC went from only 3 volunteers to 15 volunteers in 2008. This program is in its infancy, but growing steadily.

**Public Health**  
Prevent. Promote. Protect.  
Champaign-Urbana Public Health District

[www.c-uphd.org](http://www.c-uphd.org)

## CHAMPAIGN COUNTY PREPAREDNESS SUMMIT

In November 2008, CUPHD invited key members of the Toronto Health Department to speak to interested Champaign County Emergency Preparedness professionals and community members about their personal experiences and the emergency preparedness lessons learned during the SARS outbreak in Toronto. While the summit focused on the effect the SARS outbreak had on Toronto, the lessons and exercises were geared toward emergency preparedness in the event of a pandemic outbreak in Champaign County.

## Workshop on Community Partnerships for Pandemic Influenza Planning

April 22 - 24, 2008  
Omni Severin Hotel • Indianapolis, IN

### WORKSHOP ON COMMUNITY PARTNERSHIPS FOR PANDEMIC INFLUENZA PLANNING

Champaign-Urbana was selected as one of only two communities in the United States to participate in a "Workshop in Community Partnerships for Pandemic Influenza Planning". This workshop was sponsored by the Centers for Disease Control and Prevention (CDC) and the Oak Ridge Institute for Science and Education (ORISE).

The specific goals of the workshop were for the community partners, including emergency response personnel, community leaders, hospitals, local governments, public health, etc., to collaborate on:

- Developing strategies to deliver healthcare to those at home, and in a variety of health care facilities within the community, including the emergency room.
- Identifying the issues and obstacles likely to occur during a healthcare system's response.
- Identifying gaps in existing pandemic influenza preparedness plans, if community groups have already initiated planning.

Fifty community members from the Champaign area traveled to Indianapolis, IN, to meet with the other chosen community - Winston-Salem, NC, along with the CDC, and ORISE. The workshop was conducted over three days where participants worked together to develop a model of care for their respective communities to be showcased to other communities across the country.

CUPHD has received a \$578,000 grant from the CDC to continue the evolution of the initial community plans from this workshop and for "Collaborative Planning for Delivery of Essential Healthcare Services" in 2008 and 2009.

## INFECTIOUS DISEASE

The Infectious Disease Division is made up of nurses, counselors, Disease Intervention Specialist trained staff, an epidemiologist, substance abuse professionals, and case managers. The goal is to provide all of the available services to the individual where we have contact with them. Risk Reduction Counseling and Risk Reduction supplies are provided in all services. Immediate, on-site referral to Consortia services are provided to all persons who test positive for HIV infection. Partner Counseling and Referral Services are offered to all persons who test positive for a STD/HIV. HIV and Hepatitis support groups are offered monthly for persons infected or affected.

## ANONYMOUS HIV TESTING & COUNSELING

Infectious Disease provides HIV testing and counseling services to those most at risk for HIV infection. Testing is available using Orasure or rapid testing devices. Testing is provided at the CUPHD clinic (at 201 West Kenyon Road), on the CUPHD mobiles, and in outreach settings.

### ANONYMOUS HIV TESTING & COUNSELING:

Tests Conducted in 2008	381
Positive Tests	15

## HIV CARE CONSORTIUM

CUPHD serves as the Lead Agent for the East Central Illinois HIV Care Consortium which serves the following counties: Champaign, Coles, Dewitt, Douglas, Edgar, Ford, Iroquois, Kankakee, Livingston, Piatt, and Vermilion. Case management is provided to persons living with HIV in each county.

### HIV CARE CONSORTIUM:

<i>Average Monthly Caseload in:</i>	
Champaign-Urbana	113
Champaign County	26
Other Counties	145
Average Monthly Open & Active Cases	283
Total New Clients in 2008	56

## HEPATITIS INTEGRATION PROJECT

The Hepatitis Integration Project assesses risk factors for viral Hepatitis among all clients and performs appropriate testing for HCV infection. The Hepatitis Integration Project provides a client-centered viral Hepatitis prevention counseling and support group, and provides Hepatitis A & B immunizations to persons in appropriate risk groups.

### HEPATITIS INTEGRATION PROJECT:

<i>Total Vaccinations in:</i>	
Champaign-Urbana	89
Champaign County	17
Other Counties	7
Average Monthly Hepatitis Support Group Attendees	9
<i>Total Hepatitis Outreach Site Visits:</i>	
TIMES Center	44
A Woman's Place	12
Center for Women in Transition	12

Over 49% of New HIV Cases in the United States are in the African American Community.

Syphilis	170	32	29

**Prostate Cancer affects 1 in 6 men....**

**Are you one of them?**

*Many men with Prostate Cancer have no symptoms.*

If symptoms appear, they can include:

- Blood in Urine
- Loss of Appetite and Weight
- Need to Urinate Frequently - Especially at Night
- Weak or Interrupted Urine Flow
- Pain or Burning Feeling While Urinating
- Inability to Urinate
- Painful Ejaculation
- Constant Pain in the Lower Back, Pelvis or Upper Thighs

**FREE Screenings for Men Over 40!**

CUPHD offers a FREE Men's Clinic every Monday from 4:00pm - 5:30pm.

## Get The FACTS!

**FACT #1:**  
Not all STD's have visual symptoms.

**FACT #2:**  
If left untreated, STD's will get worse, and may effect fertility, pregnancy, and even lead to death.

**FACT #3:**  
STD's are only passed through sexual contact.

## SENIOR STD OUTREACH PROGRAM

CUPHD began providing outreach education and risk reduction services to persons over 50 years old in January 2008. This outreach program focuses on educating persons over 50 years old on the signs and symptoms of sexually transmitted diseases and the importance of receiving routine STD testing. Condom distribution is a part of this outreach.

## CHECK OUT HEALTHY (JAIL PROJECT)

"Check Out Healthy" is a collaborative effort between the Champaign County Correctional Facility and the CUPHD Infectious Disease Division. "Check Out Healthy" is a transitional case management program that offers pre-release support, free communicable disease screening, and discharge planning. The program is offered to all inmates who are HIV+, and those at an increased risk for becoming HIV+, who are housed at the Champaign County Correctional Center.

### CHECK OUT HEALTHY:

Chlamydia	452
Gonorrhea	452
Hepatitis C	8
Hepatitis A - Shot 1	4
Hepatitis A - Shot 2	-
Hepatitis AB - Shot 1	75
Hepatitis AB - Shot 2	30

## TUBERCULOSIS (TB) PROGRAM

One-third of the world's population is infected with Tuberculosis (TB), and one person with active TB can infect 10-15 other people in a year! CUPHD offers TB skin tests every week, and follow-up treatment when needed, for those who test positive. Field TB testing is available for at-risk groups. CUPHD also offers professional speakers to make TB presentations upon request.

## PROSTATE SCREENING PROJECT

CUPHD currently participates in the Prostate Screening Project which provides Prostate Specific Antigen (PSA) screenings for men over the age of 40. This testing is made available during all CUPHD Infectious Disease clinics.

### PROSTATE SCREENING PROJECT:

Total Number of PSAs in 2008 130

### TB PROGRAM

	C-U	County

	24	

## PREGNANCY SCREENING PROJECT:

All clients that present for pregnancy testing are provided "opt-out" testing for Gonorrhea and Chlamydia with the urine specimen they provide for pregnancy testing. In 2008, this program was expanded through a collaboration with the CUPHD division of Maternal & Child Health (MCH). Currently, all MCH clients who present for the four-month (post pregnancy) exam for WIC are also provided with "opt-out" testing.

### PREGNANCY SCREENING PROJECT:

Chlamydia Screenings	462
Positive Screenings	43
Gonorrhea Screenings	462

## SISTA PROJECT:

Sisters Informing Sisters on Topics about AIDS (SISTA) is a group-level, gender and culturally relevant intervention. It is designed to increase condom use with African American women. Five peer-led group sessions are conducted that focus on ethnic and gender pride, HIV knowledge, and skills training around sexual risk reduction behaviors and decision making. The intervention is based on Social Learning theory as well as the theory of Gender and Power.

## CUPHD MOBILE PROGRAM

CUPHD currently has two mobile units that provide CUPHD services to Champaign County clients in their neighborhoods during times that are most accessible to the residents. This program provides an innovative solution for those residents that desperately need CUPHD services, but are unable to access them due to transportation or scheduling challenges.

Neighborhoods that have received monthly visits from the CUPHD mobiles have included Falcon Way, Mitchell Court, Fountain Valley, Maplewood Estates, Community Center, and Abbott Acres in Rantoul; Fair Oaks and Bueller Terrace in Danville; Candlewood Estates in Mahomet; Good Samaritan Soup Kitchen in Decatur; Catholic Worker House and Restoration Urban Ministries in Champaign; sites in Gifford, Seymour, Tolono, Ludlow, and many others. CUPHD mobiles are also available for events such as the Champaign County Fair, neighborhood and church health fairs, and much more!

Teen WOW is now in three Champaign high schools, one Rantoul high school, and one high school in Mahomet.

### CUPHD MOBILE PROGRAM:

TOTAL Number of Adult Clients Served in 2008 2366

TOTAL Teen WOW Clients Served in 2008 308

INFECTIOUS DISEASE

## INFECTIOUS DISEASE 2008 CLIENT SATISFACTION SURVEYS

111 Client Satisfaction Surveys were completed for Infectious Disease in 2008. Of the completed surveys, 69 responses were for the STD Clinic and 42 were for the Mobile program.

It should be noted that, on average, 96% of clients surveyed "strongly agreed" that they were satisfied with the services that they received and 97% "strongly agreed" that they would recommend the services to their friends.

## MATERNAL & CHILD HEALTH

Maternal & Child Health provides services to at-risk mothers and children in Champaign County. Services include WIC, Immunizations, Teen Parent Services, HealthWorks, Family Case Management, Nutrition Counseling and MUCH MORE!

### WOMEN, INFANTS & CHILDREN (WIC)

WIC provides nutrition assessment, counseling and supplemental food coupons for "at-risk" pregnant and postpartum women, infants and children up to age 5.

WIC:	C-U	County
Average Monthly Caseload	2910	1259
Education Contact Visits	2529	1093
Enrollment Visits	479	201
<b>FARMERS MARKET:</b>		
Clients Issued Vouchers	7228	2994

### LEAD BLOOD DRAWS

The Illinois Department of Public Health (IDPH) provides a grant to draw blood to check lead-levels for Medicaid clients age 1 and 2-1/2. If a child is found to have an elevated level, follow-up services, including a home assessment is provided.

LEAD BLOOD DRAWS:	C-U	County
Total Lead Blood Draws	1110	290

### TEEN PARENT SERVICES

The Teen Parent Services (TPS) program helps pregnant and parenting teens get their high school diploma or GED certificate. TPS helps clients access childcare, assists with transportation costs and other school and work-related expenses, as well as personal and medical needs.

TEEN PARENT SERVICES:	C-U	County
Average Monthly Caseload	79	31
Program Graduates - TOTAL	50	

### Working for Two!

- CUPHD Teen Parent Services -

**Services:**

- Case Management of Teen & Child
- Supportive Services for School Related Needs
- Transportation Assistance
- Short & Long Term Goal Planning Assistance
- Referrals
- Family Planning / Emergency Contraception Help

**Eligibility:**

- Age 19 and Under
- Champaign County Resident
- Pregnant and/or Parenting Teen Moms & Dads
- Must Be Working Towards High School Diploma or GED
- Must Meet Income Eligibility

**Call 217.531.4310 for more information.**

**Think You are Pregnant or in Need of Prenatal Care? Call: 217.531.4304**

### HEALTHWORKS

HealthWorks for Illinois is a collaborative effort between the Department of Children & Family Services (DCFS), the Department of Human Services (DHS) and Public Health. Public Health in Champaign County serves as the Lead Agency for Champaign, Ford, and Iroquois counties.

HealthWorks provides advocacy and referrals to pregnant DCFS wards and their children. HealthWorks works closely with foster parents and caseworkers to ensure that those in foster care receive appropriate medical care.

HEALTHWORKS:	C-U	County
Average Monthly Caseload	332	133

**Public Health**  
Prevent. Promote. Protect.

Champaign-Urbana Public Health District

## FAMILY CASE MANAGEMENT

Family Case Management provides preventative care, developmental testing, immunizations, referrals and follow-up for pregnant women and children who meet income guidelines. Home visits are done once during pregnancy and once during the postpartum period. The car seat program is in collaboration with Safe Kids of Champaign County. The Illinois Department of Public Health (IDPH) Genetics Grant provides funding for prenatal genetic screening. Denver II and Ages and Stages standardized developmental screenings are used and the Edinburgh tool is used for postpartum depression screenings.

## NUTRITION COUNSELING

A CUPHD Registered Dietitian is present onsite at the Urbana School-Based Health Center (USHC) one half-day per week to provide nutrition counseling services to those clients who access the school-based health center.

### FAMILY CASE MANAGEMENT:

	C-U	County
Average Monthly Caseload	1641	653
Total Home Visits	739	294
Total Clinic Visits	5791	2504
Pregnancy Tests	194	80
Genetic Assessments	581	237
Developmental Screenings	2304	917
Postpartum Depression Screenings	754	306
<b>SAFE KIDS:</b>		
Clients Served for Car Seats	1018	357

### NUTRITION COUNSELING:

Nutrition Counselings - TOTAL 53

## COOPERATIVE EXTENSION

CUPHD has an agreement with the Cooperative Extension office in Rantoul to provide classes to WIC-registered clients.

### COOPERATIVE EXTENSION:

Champaign Clients - TOTAL 277  
Rantoul Clients - TOTAL 481

## VACCINES FOR CHILDREN

CUPHD provides immunizations to kids through the federal Vaccines for Children (VFC) program. There is no cost for these vaccines, and there is only a small administrative fee for each dose, which is billable to Medicaid.

Any child who lives in Champaign County AND who is a Native American or a Native Alaskan, OR is uninsured, OR has insurance that does not fully cover the cost of vaccination is eligible for vaccines. Underinsured children are eligible through an agreement with Frances Nelson Health Center.

## PARENT WONDERS

CUPHD has an agreement with the Parent Wonders program to visit the Rantoul office to provide support and parenting/child interaction skills education to clients that are participating in WIC services.

### PARENT WONDERS:

Children Under Age of 3 - TOTAL 69  
Children Over Age of 3 - TOTAL 26  
Parents - TOTAL 127  
Families - TOTAL 119  
New Family Contacts - TOTAL 80  
Previous Family Contacts - TOTAL 41

### VACCINES FOR CHILDREN:

Vaccinations - TOTAL 2391

## MATERNAL & CHILD HEALTH CLIENT SATISFACTION SURVEYS

Maternal Child Health is required to conduct an annual Family Health Participant Survey (FHPS) for the Women, Infants & Children (WIC) program. The results of this survey are used in place of standard CUPHD Client Satisfaction Surveys. Some of the questions on the FHPS are specific to WIC products, such as food coupon ease of use and employment status, and were not included in the graphs.

## WELLNESS & HEALTH PROMOTION

Wellness & Health Promotion provides educational, supportive and preventative programming to residents throughout Champaign County through the CUPHD Dental Clinic, the Urbana School Health Center, adult immunizations, the Illinois Breast & Cervical Cancer Program, Vision Cooperative, various workshops, and health fairs.

### ADULT IMMUNIZATIONS

The adult immunization program provides adults over 18 years of age with immunizations for routine educational requirements, accidents, and travel. Appointments are recommended.

ADULT IMMUNIZATIONS:	C-U	County	Other
Hepatitis A	82	7	15
Hepatitis B	62	17	18
Polio	16	4	5
Meningitis	7	1	1
Mumps, Measles & Rubella (MMR)	58	13	13

Tetanus, Diphtheria & Acellular Pertussis	52	18	11
Hepatitis A & B	77	29	7
Typhoid	43	9	7
Varicella/ Chickenpox	22	5	2
Flu/Pneumonia	107	13	13

## DIABETES PROGRAM

The Diabetes Program is funded in part by the Illinois Diabetes Prevention and Control Program (IDPCP) with a grant from the Centers for Disease Control and Prevention. In cooperation with the University of Illinois Extension Services, a bimonthly newsletter is sent out to persons with pre-diabetes or diabetes who have enrolled in the diabetes program. The statistics from their enrollment and yearly reviews help to form the picture of diabetes care in Champaign County.

You Can Live Longer & Healthier!

## PROJECT TNT

Project TNT is a 10-session program delivered to fifth grade students in their classrooms. This program is different from most tobacco education curriculums in that it focuses on changing normative beliefs about the prevalence of tobacco use. Instead of only giving participants reasons not to use tobacco, it equips participants with decision-making skills, as well as effective communication skills.

## FREEDOM FROM SMOKING

Freedom From Smoking is a 7-week, 8-session class that focuses on giving the tools for success to residents of Champaign County who want to live tobacco-free. Before participants quit, they look at their habit and the reasons for wanting to be tobacco-free, and develop a customized individual plan to quit. Nicotine patches are offered with this program.

PROJECT TNT:	C-U	County
Number of Programs	11	12
Number of Participants	231	285

FREEDOM FROM SMOKING:	C-U	County
Number of Programs	3	-
Number of Participants	12	-

## NOT HERE

Not Here is a tobacco sales compliance program for Champaign County. CUPHD notifies all tobacco vendors that they will be checked periodically for age 18 tobacco sales compliance. Congratulatory letters are sent to stores that pass "secret shopper" compliance tests. Reports on stores that fail compliance testing are forwarded to local law enforcement, who do an official check for compliance. The "Not Here" program occurs three times a year.

NOT HERE:	C-U	County
Number of Attempts	231	22
Number of Sales	133	8

## BREAK THE HABIT

Break the Habit is a partnership between the Illinois Tobacco Quitline and CUPHD. Residents of Champaign County interested in quitting can call the Tobacco Quitline to receive individual phone counseling from an Addiction Specialist. CUPHD will provide the client with nicotine patches based on the recommendation of the Addiction Specialist.

BREAK THE HABIT:	C-U	County
Number of Programs	20	8
Number of Participants	22	8

Public Health  
Prevent. Promote. Protect.

Champaign-Urbana Public Health District

## NOT ON TOBACCO (N-O-T)

Not On Tobacco is a 10-week cessation program for youth. In certain municipalities in Champaign County, possession of tobacco products by minors is illegal. The Not On Tobacco program is offered as an alternative to a fine.

NOT ON TOBACCO:	C-U	County
Number of Programs	7	0
Number of Participants	10	0

## SMOKE FREE ILLINOIS COMPLIANCE

Smoke Free Illinois Compliance is an education and enforcement program for Smoke Free Illinois. CUPHD is responsible for receiving and investigating complaints for Champaign County, including those made to the State of Illinois, the smoking complaint hotline at CUPHD, and the CUPHD website. CUPHD will help businesses to comply where possible, and file reports to the Illinois State's Attorney's Office if they do not.

SMOKE FREE ILLINOIS COMPLIANCE:	C-U	County
Number of Complaints	56	37

## REALITY, IL

Reality, IL is a program for youth ages 13-18 who are tobacco prevention advocates. These proactive teens have meetings, events, create bulletin boards, film commercials, and create bus signs. This group also is responsible for holding annual poster contests for local elementary school students.

REALITY, IL:	C-U	County
Number of Programs	8	6
Number of Participants	102	46

## LETTING GO

Letting Go is a support group for people who are working to quit smoking, no matter where they are in the quitting process. Participants gain tools needed to quit smoking, develop an individualized plan to quit, prepare for trigger situations, celebrate successes with other quitters, and discuss cessation aids and options. The group meets weekly on Tuesday evenings.

LETTING GO:	C-U	County
Number of Programs	8	8
Number of Participants	7	2

## TOBACCO EDUCATION

CUPHD offers a series of age-appropriate tobacco education programs and materials for all local schools. Schools may request these programs FREE by calling Nikki Hillier at 217.531.2914.

TOBACCO EDUCATION:	C-U	County
Number of Programs	23	564
Number of Participants	9	156

## SMOKING PROGRAM CLIENT SATISFACTION SURVEYS

Thirteen Break The Habit (BTH) clients were surveyed. All agreed that they were greeted warmly, their information would be kept confidential, that they were seen on time, that written materials were made available during their visit, that they received information on using the nicotine patch properly, were offered a return appointment, and would recommend the program to their friends.

Eight Freedom From Smoking (FFS) clients were surveyed. Six had quit smoking by the end of the FFS clinic. Two were planning to quit in the next 30 days. All said they would recommend the program to others.

**Public Health**

<b>SEXUALLY TRANSMITTED DISEASE HEALTH EDUCATION:</b>		
Number of Programs	1	-
Number of Participants	11	-

# BONE UP!

## OSTEOPOROSIS PREVENTION FOR TEENS - BONE UP!

Wellness & Health Promotion offers a three-session program for junior high and high school girls to teach them the importance of building bones now to prevent osteoporosis later. Participating girls learn the importance of calcium, foods that hinder and help the absorption of calcium, and make customized plans to increase the amounts of calcium they receive everyday. Participants also learn to make healthy calcium-rich snacks, the importance of weight-bearing exercise, and earn great gear to assist them with increasing this activity.

## COORDINATED APPROACH TO CHILD HEALTH (CATCH)

Lucky Tray Day is offered to all CUPHD partner schools participating in the CATCH program. CUPHD interns, staff, and volunteers go to participating schools during lunch and reward students eating their "GO" foods with a raffle ticket. Raffle tickets provide students the opportunity to win great prizes.

Additionally, the CATCH program encourages "Moving Mondays" & "Fitness Fridays". These are days that schools participating in CATCH ask students to move when told to (over the school intercom system). CUPHD also offers structured physical activities at recess as well.

## ILLINOIS BREAST & CERVICAL CANCER PROGRAM (IBCCP)

The Illinois Breast & Cervical Cancer Program (IBCCP) contracts with local medical providers to provide FREE breast and cervical cancer screening for women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP program serves women from Champaign, McLean, and Vermilion Counties. IBCCP provides community outreach, as well as educational materials and presentations throughout the IBCCP service area. IBCCP encourages all women to have their annual screenings done and seeks new client enrollments in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screenings yield abnormal results requiring IBCCP medical case management and diagnostic services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.

## CUPHD VISION COOPERATIVE

The CUPHD Vision Cooperative offers access to professional eye exams and eye glasses for Champaign County residents with Illinois Public Aid. The CUPHD Vision Cooperative staff serve as "gatekeepers" to a coalition of area optometrists and ophthalmologists who have volunteered their time and services for this program.

The CUPHD Vision Cooperative has a wide selection of over 50 fashion frames and colors available at no cost to the client. Additional information on this program is available by calling 217.531.LENS (5367).

This service is now only available to residents of Champaign County.

## CUPHD VISION COOPERATIVE 2008 CLIENT SATISFACTION SURVEY RESULTS

549 Satisfaction Surveys were completed by CUPHD Vision Cooperative clients.

**NOTE:** 100% of those surveyed said they would recommend the CUPHD Vision Cooperative program to others. 20% of clients actually stated that they were referred to the program by a friend.

## CUPHD DENTAL PROGRAM

The CUPHD Dental Clinic sees children ages 3-18 enrolled in Champaign or Urbana School Districts. Services include: cleanings, fluoride, x-rays, sealants, restorative care, and simple extractions.

As part of expanded services, the CUPHD Dental Clinic provides exams to children ages K-8 in their schools, using mobile dental equipment. Children who meet eligibility requirements also receive cleanings, sealants, and fluoride varnish treatments.

New in 2008, the CUPHD Dental Clinic also began providing an Oral Health Education and Fluoride Varnish Program for infants and toddlers participating in CUPHD's Maternal & Child Health (MCH) WIC program. A hygienist is available two days a month on a walk-in basis by referral from MCH. Parents are instructed in the proper care of their child's teeth, while the hygienist screens for moderate to high risk of developing early childhood caries. The parent also receives written instructions about how to care for their child's developing teeth and an age-appropriate toothbrush. Written materials are available in English and Spanish.

## URBANA SCHOOL HEALTH CENTER (USHC)

The Urbana School Health Center (USHC) consists of a seamless partnership of trusted local agencies dedicated to the health and well being of children enrolled in the Urbana School District.

Services are available to ALL students of the Urbana School District during their school day, allowing for consistent and convenient carefree medical and dental services. Services include routine exams and procedures; acute care issues stemming from injuries or chronic disease conditions; and counseling and wellness programs. USHC's community care approach ensures the Urbana School District students the best possible care - away from home.

The Urbana School Dental Clinic sees children ages 3-18 enrolled in the Urbana School District. Services include: cleanings, fluoride, x-rays, sealants, restorative care, and simple extractions.

*"Making Choices for  
a Better World"*

## TAKE OUR DAUGHTERS & SONS TO WORK DAY

On April 25, 2008 CUPHD offered a full day of activities to educate children about Public Health and other "caring professions". The children focused on interactions designed to exemplify how their everyday choices contribute to a better world. The children participated in designing a public health education campaign which they presented to parents and media at the end of the day.

Over 30 children, ranging in age from 5-16, joined their dedicated CUPHD parents at work and participated in this progressive, interactive event. The day began with breakfast, an "ice-breaker" to help the kids get to know one another, and an overview of public health programs and services. Just before a "business lunch" the group toured the new CUPHD facilities, and explored the fascinating world of bacteria and germs, including a practical application in dental health.

## INFORMATION TECHNOLOGY

Information Technology is directly responsible for all day-to-day electronic operations at CUPHD. In addition, Information Technology oversees the creation and updating of the CUPHD website, the CUPHD closed-circuit TV system, phone systems, and audio systems.

Information Technology staff members provide case-by-case solutions for electronic issues, computer trainings and educational opportunities for CUPHD staff. Information Technology is the central resource for research and development of electronic upgrades and equipment.

## FINANCE

The Finance Division is primarily responsible for recording all sources of revenues and expenditures for CUPHD by activity. Finance is responsible for ensuring that all financial activity is in compliance with federal and state regulations, and that all activity is accounted for properly.

## NOTES REGARDING THE FISCAL YEAR 2008 FINANCIAL STATEMENT

CUPHD had a couple of new endeavors during fiscal year 2008.

1. CUPHD sold the former building at 710 North Neil Street resulting in proceeds from the sale to be recognized in the financials. Those proceeds were used to pay the principal on the outstanding bond issuance from October 2006.
2. CUPHD continued with the remodeling of the new facility at 201 West Kenyon Road. Those improvements encompassed the majority of the capital outlay expenditures in fiscal year 2008. Due to the timing of the bond issue in 2006, the expenditures were covered by the reserved fund balance from the prior year.

The responsibilities of the Finance Division include, but are not limited to, the following functions:

- Expenditures
- Payroll & employee reimbursements
- Medicare, Medicaid, and third party billings
- Cash receipts, including credit card payments and third party
- Grant billings, reporting and monitoring
- Monthly reconciliations of bank statements, subsidiary ledgers
- Monthly financials and board reports
- Annual audit reports
- Annual tax levy and public notice announcements
- Annual budget and public notice announcements
- Annual financial audit
- Financial policies
- Financial forecasting
- Education and recommendations to CUPHD Leadership Team on all financial issues
