Mission Statement

The mission of the Champaign-Urbana Public Health District is to improve the health, safety and well-being of the community through prevention, education, collaboration, and regulation.

Vision Statement

The Champaign-Urbana Public Health District is a progressive and respected advocate for the health, safety, and well-being of our community.

The Three Core Public Health Functions and Ten Essential Public Health Services

- Assessment
- Policy Development
- Assurance

- Monitor Health Status to Identify & Solve Community Health Problems
- Diagnose & Investigate Community Health Problems & Hazards
- Inform, Educate & Empower Community about Health Issues
- Mobilize Community Partnerships & Action to Identify & Solve Health Problems
- Develop Policies & Plans that Support Individual & Community Health Efforts
- Enforce Laws & Regulations that Protect Health & Ensure Safety
- Link People to Needed Personal Health Services & Assure the Provisions of Health Care when Otherwise Unavailable
- Assure a Competent Public Health & Personal Health Care Workforce
- Evaluate Effectiveness, Accessibility, & Quality of Personal & Population-Based Health Services
- Research for New Insights & Innovative Solutions to Health Problems
2008 was a year of great changes, challenges, and successes. Through community collaboration, strong leadership, and strategic planning, the Champaign-Urbana Public Health District (CUPHD) has emerged as a strong, stable agency as well as a definitive community resource.

I am both honored and excited to have officially accepted the position as Administrator of the Champaign-Urbana Public Health District (CUPHD) at such a pivotal time in our history.

CUPHD is now housed in a beautiful 99,000 square foot building with plenty of room for expansion and community collaboration. We are proudly displaying the new national public health logo. We have a creative, motivated, and skilled workforce that is passionately striving to make our programs and services the best they can be.

Currently, CUPHD is privileged to have one of the most innovative and talented Leadership Teams in the history of CUPHD. This dedicated Leadership Team is laboring diligently to design and implement procedures that will benefit CUPHD not only now, but well into the future.

While we, like every other governmental and not-for-profit agency, face serious challenges associated with the current economic downturn, CUPHD is well-positioned to ride out this storm. The entire staff is searching for innovative ways to help CUPHD save resources, maximize reimbursement, and find and develop new sustainable streams of revenue.

Perhaps the biggest challenge facing CUPHD and our community is the ever looming threat of pandemic influenza. Champaign-Urbana Public Health District has been actively aggressive in our approach to ensuring that our county is as prepared as possible. CUPHD was chosen by the Centers for Disease Control and Prevention (CDC) as one of only two cities in the United States to participate in a revolutionary community-wide pandemic planning training. Following that, CUPHD wrote for and received a grant of over $500,000 to assist our community to prepare. We have hosted extensive trainings for other agencies in our county, presented at churches, schools, community-based organizations, and neighborhood groups, and we continue to collaborate with other first responders to ensure that Champaign County will fare well in the event of a pandemic or other public health emergency.

It is with great pride and enthusiasm that I work to lead CUPHD into the future. The next year will be a time for CUPHD to focus on our core services, look for new areas of opportunity, and continue to improve our core functions of assessment, policy development, and assurance.
Champaign-Urbana Public Health District Welcomes New Administrator  

- Julie A. Pryde, MSW, LSW -

At the monthly Champaign-Urbana Public Health District (CUPHD) Board of Health Meeting on Monday, November 10, 2008, Board members unanimously appointed Julie A. Pryde as the new Public Health Administrator. This announcement was met with a round of impromptu applause from audience members attending the meeting. Pryde had been serving as Acting Administrator for over 1 ½ years, since the previous Administrator, Vito Palazzolo, was placed on administrative leave.

“We as the Board are honored to announce that Julie Pryde has been appointed as the permanent CUPHD Administrator.” said Carol Elliott, Chair of the CUPHD Board of Health. “Ms. Pryde has the support of the Board, the staff at CUPHD and the community, and has already proven her ability to lead. We are lucky to have her.”

The CUPHD Board of Health released a public advisory on Friday, November 7, 2008 encouraging community leaders and members to attend Monday’s meeting to discuss the appointment of the Public Health Administrator and provide public commentary. Board members received many letters, emails, and phone calls requesting that Pryde be formally appointed as Administrator, and many community members, CUPHD staff and State officials attended Monday’s meeting to give personal testimonials on Pryde’s behalf.

“I was immensely touched by all the support I received at the Board of Health meeting.” said Julie Pryde, Public Health Administrator for CUPHD. “Public health is what I want to do, and I am thrilled that I can do what I love in a community as open, diverse, and progressive as Champaign-Urbana. CUPHD has had many challenges in the past, but I am confident that the future is very bright. We have a group of employees who are dynamic, passionate, and dedicated.”

Julie Pryde started at CUPHD in 1989 as a social work intern working under Joan W. Lathrap. After graduating with her Masters in 1992, Julie worked as Program and Policy Consultant for “Hope for the Children”, as a Senior Research Associate for the National Mentor Project, UIUC; and as an Adjunct Faculty in “Social Welfare Policy” and “Contemporary Social Work” at the UIUC’s School of Social Work.

Julie Pryde joined the staff of CUPHD in June of 1995 as a Program Consultant in the Division of Social Services and as the Project Director for the IL Region 6 HIV Prevention Implementation Group. In 2001, she was hired as the Director of the Division of HIV/STD/TB Prevention and Management at CUPHD. In 2005, the Division expanded to include communicable diseases and adult immunizations and was renamed the Division of Infectious Disease Prevention and Management. In May of 2007, Julie was appointed Acting Public Health Administrator.

Julie Pryde is an accomplished grant writer, researcher, and speaker. She has been published in three professional journals and has presented at such national conferences as the International Mobile Health Conference in Las Vegas, the US Conference on AIDS in Anaheim, and the National Harm Reduction Conference in Seattle. She has also been a consultant and speaker with the Illinois Department of Public Health. Julie was awarded the “Joan Severs Award” by the Greater Community AIDS Project, the “Red Ribbon Award for Takin It ToThe Streets” from the Illinois Department of Public Health, and was a member of the Leadership Circle with the AIDS Foundation of Chicago. She also served as an Investigator for the Home Access’ FDA Post-Marketing Surveillance Study. She currently serves on the Community Advisory Board for the Illinois Morbidity Monitoring Project, and as a Board Member of MobileOutreach.info.
The Champaign-Urbana Public Health District (CUPHD) is governed by a three person voting board made up of elected Champaign-Urbana officials. Advisors to the board include an appointed medical advisor and treasurer. This governing board is directly responsible for overall operations, financial stability, and the community standing of the Champaign-Urbana Public Health District.

Carol Elliott, Chairperson

“CUPHD is a special district; the statute requires that the township supervisors of the City of Champaign Township, Cunningham Township, and the Chairperson of the Champaign County Board serve as the CUPHD Board of Health. An election is held annually in April to elect officers of the board.

I was appointed to the position of Cunningham Township Supervisor in January 1996 to complete the term of my predecessor. I continue to serve in that position and have filed nominating petitions to run in the general municipal election in April 2009 for the term effective May 2009 through May 2013.

Cunningham Township is a local unit of government which provides financial and medical benefits to eligible persons within the township. I am the Chief Executive Officer of the township and am responsible for preparing the budget, levy and overseeing the administration of the General Assistance program.

Although my official role as a CUPHD board member didn’t begin until January 1996, I became very familiar with CUPHD services when I began working at Cunningham Township in 1980. I have seen the role of public health greatly expand over the years to what it is today. My experience in working for local government is essential to serving as a board member.

2008 brought many changes to CUPHD - a new building to consolidate services; participation in national pandemic and emergency services planning events; continuing assessment and identification in the constantly changing role of public health; and most important, a change in leadership. The current administrator and the management team have brought a renewed sense of service. I applaud their efforts and look forward to what the new year will bring.”
C. Pius Weibel, Secretary

“During the past year, I was pleased to see the staff continue to adjust to their new offices, to see most of the final remodeling touches on the new offices, and to welcome our new administrator.”

C. Pius Weibel serves as Secretary of the CUPHD Board in his capacity as the Chairperson of the Champaign County Board. Mr. Weibel was elected to the Champaign County Board in 2004 and re-elected in 2008. He has served as County Board Chairperson since December 2006. Mr. Weibel is also a Senior Geologist at the Illinois State Geological Survey, which is part of the University of Illinois Institute of Natural Resource Sustainability.

Linda Abernathy

Linda Abernathy is City of Champaign Township Supervisor and founder and board member of Best Interest of Children, a community-based organization dedicated to making positive changes for troubled families in crisis (especially their children), who are at risk of out-of-home placement.

Advisors to the CUPHD Board of Health include:

Robert Brunson, Treasurer
Dr. David Morse, Medical Advisor
Fred Grosser, Attorney
The Champaign-Urbana Public Health District (CUPHD) has worked since 1937 to prevent disease and promote public health.

In 1996 the Champaign County Public Health Department was formed by a referendum of county voters bringing many of the same public health services to Champaign County residents living outside Champaign-Urbana.

Together, these agencies provide a host of vital services to all Champaign-Urbana residents, as well as selected services to Champaign County residents at large. Public Health services include, but are not limited to, environmental health inspections and permits; disease tracking and reporting; HIV counseling and testing, prevention and management; sexually transmitted disease testing and treatment; immunizations and an array of other services to pregnant women, children, teenagers and adults of all ages.

This is a progressive report of Public Health services provided by the Champaign-Urbana Public Health District in 2008.

### Champaign County Public Health Department

#### BOARD OF HEALTH MEMBERS:

- Julian Rappaport, President
- Dr. Prashanth Gowda, Secretary
- Dr. John Peterson, Treasurer
- Brenda Anderson (8/22/08)
- Stan James
- Dr. Nezar Kassem
- Cherryl Ramirez (7/1/08)
- Bobbi Scholze (5/22/08)
- Betty Segal

### VITAL STATISTICS

**CHAMPAIGN COUNTY TOTAL:**

- Births: 2499
- Deaths: 1059
- Fetal Deaths: 10

2008 ANNUAL DRIVE-THRU FLU CLINIC

CUPHD held its Annual Drive-Thru Flu Clinic on October 8-9, 2008. This clinic was conducted as an emergency preparedness drill simulating a mass vaccination event. All CUPHD staff were required to participate in one form or another. In addition, several volunteers from UIUC, Parkland College and the local Red Cross participated. This two-day clinic uniquely tested the current state of CUPHD emergency preparedness, and allowed for improvements to be made without the added pressure of an emergency situation.

In 2008, 363 shots were given compared with only 232 shots in 2007.

Hate To Be Sick?

Get Your Flu Shot HERE!

CUPHD Drive-Thru Flu Clinic

October 8 & 9, 2008
8:00am - 8:00pm

Flu Shot: $30.00
Pneumonia: $35.00

At the CUPHD Parking Lot: 201 West Kenyon Road in Champaign

Vaccines available for everyone ages 4 years & up. CUPHD accepts Medicaid, Medicare, Visa, Master Card, Cash, and Personal Checks.

ENVIRONMENTAL HEALTH

Environmental Health inspects food and drink establishments, reviews kitchen plans for new facilities, enforces environmental laws, issues permits for private water supplies and private sewage systems, conducts lead paint investigations, and provides food-handling classes.

FOOD PROTECTION

All restaurants, retail food stores, temporary food booths, taverns, convenience stores & other types of food services must obtain a health permit to operate.

Environmental Health conducts unannounced inspections at all food service establishments, reviews plans for newly constructed or remodeled facilities, investigates complaints, provides educational classes and information to food service workers, and initiates legal proceedings for non-compliance.

TATTOO ARTIST PROGRAM

Environmental Health helps ensure that Champaign-Urbana tattoo artists operate as safely as possible. CUPHD inspectors review plans and specifications for tattoo studios, inspect studios for sanitary conditions, assure compliance with Illinois age requirements, and test the artists’ knowledge of sanitation and blood-borne pathogens.

TANNING PROGRAM

All tanning establishments in Champaign County must follow the guidelines of the Illinois Department of Public Health (IDPH). Environmental Health inspects public tanning facilities for general cleanliness and checks to see that beds and eyewear are properly sanitized. All tanning facilities must keep accurate client records and have safety information available, as well as provide current proof of employee training.

LEAD PAINT PROGRAM

Environmental Health investigates the source of exposure for lead-poisoned children. Environmental Health provides educational materials and instruction to renters and homeowners regarding lead-safe practices. Inspectors investigate complaints involving lead contractors and misuse of lead-based paints. Contractor plans are reviewed to ensure lead-safe practices are being used. Environmental Health drafts compliance letters and inspection reports for homes with lead and, when necessary, initiates legal prosecutions.

EMERGENCY PREPAREDNESS PROGRAM

The Emergency Preparedness Program at CUPHD provides education, community support and hands-on training for Champaign County. The goal of the Emergency Preparedness Program is to prepare Champaign County for active response in the event of a large-scale emergency.

Emergency preparedness activities include meetings held at local, state and regional levels with corresponding training activities. Local meetings include, but are not limited to, weekly emergency management meetings, an infectious disease working group at the University of Illinois, a Champaign County Public Information Officer workgroup, and educational outreach with community churches, schools and other agencies. State and regional activities include, but are not limited to, the Illinois Department of Public Health’s Health and Medical Task Force, Regional Health Department Emergency Response Coordinator’s meetings, and the 2008 Champaign County Emergency Preparedness Summit.

www.c-uphd.org
**CHAMPAIGN COUNTY MEDICAL RESERVE CORPS (MRC)**

Medical Reserve Corps units are community-based and function as a way to locally organize and utilize volunteers who want to donate their time and expertise to promote healthy living throughout the year, and to prepare for and respond to emergencies. MRC volunteers supplement existing local emergency and public health resources.

MRC volunteers include medical and public health professionals such as physicians, nurses, pharmacists, dentists, veterinarians, and epidemiologists. Other community members, such as interpreters, chaplains, office workers, and legal advisors can fill other vital support positions.

The Champaign County Medical Reserve Corps was taken over by CUPHD in 2007. In 2008, the Champaign County MRC received a $10,000 grant from the National Association of City and County Health Officers (NACCHO) to jumpstart the program. The funds were used for program development, advertising, and training materials. The Champaign County MRC went from only 3 volunteers to 15 volunteers in 2008. This program is in its infancy, but growing steadily.

---

**CHAMPAIGN COUNTY PREPAREDNESS SUMMIT**

In November 2008, CUPHD invited key members of the Toronto Health Department to speak to interested Champaign County Emergency Preparedness professionals and community members about their personal experiences and the emergency preparedness lessons learned during the SARS outbreak in Toronto. While the summit focused on the effect the SARS outbreak had on Toronto, the lessons and exercises were geared toward emergency preparedness in the event of a pandemic outbreak in Champaign County.
WORKSHOP ON COMMUNITY PARTNERSHIPS FOR PANDEMIC INFLUENZA PLANNING

Champaign-Urbana was selected as one of only two communities in the United States to participate in a “Workshop in Community Partnerships for Pandemic Influenza Planning”. This workshop was sponsored by the Centers for Disease Control and Prevention (CDC) and the Oak Ridge Institute for Science and Education (ORISE).

The specific goals of the workshop were for the community partners, including emergency response personnel, community leaders, hospitals, local governments, public health, etc., to collaborate on:

- Developing strategies to deliver healthcare to those at home, and in a variety of healthcare facilities within the community, including the emergency room.
- Identifying the issues and obstacles likely to occur during a healthcare system’s response.
- Identifying gaps in existing pandemic influenza preparedness plans, if community groups have already initiated planning.

Fifty community members from the Champaign area traveled to Indianapolis, IN, to meet with the other chosen community - Winston-Salem, NC, along with the CDC, and ORISE. The workshop was conducted over three days where participants worked together to develop a model of care for their respective communities to be showcased to other communities across the country.

CUPHD has received a $578,000 grant from the CDC to continue the evolution of the initial community plans from this workshop and for “Collaborative Planning for Delivery of Essential Healthcare Services” in 2008 and 2009.
INFECTIOUS DISEASE

The Infectious Disease Division is made up of nurses, counselors, Disease Intervention Specialist trained staff, an epidemiologist, substance abuse professionals, and case managers. The goal is to provide all of the available services to the individual where we have contact with them. Risk Reduction Counseling and Risk Reduction supplies are provided in all services. Immediate, on-site referral to Consortia services are provided to all persons who test positive for HIV infection. Partner Counseling and Referral Services are offered to all persons who test positive for a STD/HIV. HIV and Hepatitis support groups are offered monthly for persons infected or affected.

ANONYMOUS HIV TESTING & COUNSELING

Infectious Disease provides HIV testing and counseling services to those most at risk for HIV infection. Testing is available using Orasure or rapid testing devices. Testing is provided at the CUPHD clinic (at 201 West Kenyon Road), on the CUPHD mobiles, and in outreach settings.

ANONYMOUS HIV TESTING & COUNSELING:

Tests Conducted in 2008  381
Positive Tests      15

HIV CARE CONSORTIUM

CUPHD serves as the Lead Agent for the East Central Illinois HIV Care Consortium which serves the following counties: Champaign, Coles, Dewitt, Douglas, Edgar, Ford, Iroquois, Kankakee, Livingston, Piatt, and Vermilion. Case management is provided to persons living with HIV in each county.

HIV CARE CONSORTIUM:

Average Monthly Caseload in:
Champaign-Urbana   113
Champaign County    26
Other Counties      145

Average Monthly Open & Active Cases    283

Total New Clients in 2008    56

HEPATITIS INTEGRATION PROJECT

The Hepatitis Integration Project assesses risk factors for viral Hepatitis among all clients and performs appropriate testing for HCV infection. The Hepatitis Integration Project provides a client-centered viral Hepatitis prevention counseling and support group, and provides Hepatitis A & B immunizations to persons in appropriate risk groups.

HEPATITIS INTEGRATION PROJECT:

Total Vaccinations in:
Champaign-Urbana   89
Champaign County    17
Other Counties      7

Average Monthly Hepatitis Support Group Attendees    9

Total Hepatitis Outreach Site Visits:
TIMES Center            44
A Woman’s Place         12
Center for Women in Transition    12

Over 49% of New HIV Cases in the United States are in the African American Community.

**FACT #1:** Not all STD’s have visual symptoms.

**FACT #2:** If left untreated, STD’s will get worse, and may effect fertility, pregnancy, and even lead to death.

**FACT #3:** STD’s are only passed through sexual contact.

**FREE Screenings for Men Over 40!**

CUPHD offers a FREE Men’s Clinic every Monday from 4:00pm - 5:30pm.

STD SURVEILLANCE

Infectious Disease provides surveillance services for clients that test positive for sexually transmitted diseases. CUPHD staff works confidentially with any clients that test positive for STDs to locate, test, and treat sexual partners.

STD SURVEILLANCE:

Persons Notified & Brought to Treatment 179
Syphilis Cases 21
Syphilis Cases Managed by CUPHD 16
Partners of Syphilis Patients Treated 10

VOICES / VOCES

The VOICES program (Video Opportunities for Innovative Condom Education and Safer Sex) is a group-level, single-session video-based intervention designed to increase condom use among heterosexual African American and Latino men and women who visit the CUPHD STD clinic.

CHECK OUT HEALTHY (JAIL PROJECT)

“Check Out Healthy” is a collaborative effort between the Champaign County Correctional Facility and the CUPHD Infectious Disease Division. “Check Out Healthy” is a transitional case management program that offers pre-release support, free communicable disease screening, and discharge planning. The program is offered to all inmates who are HIV+, and those at an increased risk for becoming HIV+, who are housed at the Champaign County Correctional Center.

CHECK OUT HEALTHY:

Chlamydia 452
Gonorrhea 452
Hepatitis C 8
Hepatitis A - Shot 1 4
Hepatitis A - Shot 2 -
Hepatitis AB - Shot 1 75
Hepatitis AB - Shot 2 30
Hepatitis AB - Shot 3 2
Hepatitis B - Shot 1 4
Hepatitis B - Shot 2 1
Herpes Serologic 1 -
Herpes Serologic 2 -
HIV 378
Prostate Cancer Screening (PSA) 1
Syphilis 421

SENIOR STD OUTREACH PROGRAM

CUPHD began providing outreach education and risk reduction services to persons over 50 years old in January 2008. This outreach program focuses on educating persons over 50 years old on the signs and symptoms of sexually transmitted diseases and the importance of receiving routine STD testing. Condom distribution is a part of this outreach.

For additional information:
217.239.7827
**TUBERCULOSIS (TB) PROGRAM**

One-third of the world’s population is infected with Tuberculosis (TB), and one person with active TB can infect 10-15 other people in a year! CUPHD offers TB skin tests every week, and follow-up treatment when needed, for those who test positive. Field TB testing is available for at-risk groups. CUPHD also offers professional speakers to make TB presentations upon request.

- A Woman’s Fun: 24
- Center for Women in Transition: 24

**PREGNANCY SCREENING PROJECT:**

All clients that present for pregnancy testing are provided “opt-out” testing for Gonorrhea and Chlamydia with the urine specimen they provide for pregnancy testing. In 2008, this program was expanded through a collaboration with the CUPHD division of Maternal & Child Health (MCH). Currently, all MCH clients who present for the four-month (post pregnancy) exam for WIC are also provided with “opt-out” testing.

**PROSTATE SCREENING PROJECT**

CUPHD currently participates in the Prostate Screening Project which provides Prostate Specific Antigen (PSA) screenings for men over the age of 40. This testing is made available during all CUPHD Infectious Disease clinics.

**PROSTATE SCREENING PROJECT:**

Total Number of PSAs in 2008: 130

**FREE Screenings for Men Over 40!**

CUPHD offers a Men's Clinic every Monday from 4:00pm - 5:30pm.

Call 217.239.7827 for more information.

**JUVENILE DETENTION CENTER OUTREACH**

CUPHD currently provides STD skill-based prevention education at the Champaign County Juvenile Detention Center at least one time per month. STD education and urine screening for Chlamydia and Gonorrhea is offered to all of the youth.

**JUVENILE DETENTION CENTER OUTREACH:**

Total Number of Youth Tested in 2008: 83
MPOWERMENT PROJECT:

This community-level intervention for young men who have sex with men uses a combination of informal outreach, discussion groups, creation of safe spaces, social opportunities, and social marketing to reach a broad range of young gay men with HIV prevention, safer sex, and risk reduction messages. More information about this program can be obtained by calling 217.531.5364.

SISTA PROJECT:

Sisters Informing Sisters on Topics about AIDS (SISTA) is a group-level, gender and culturally relevant intervention. It is designed to increase condom use with African American women. Five peer-led group sessions are conducted that focus on ethnic and gender pride, HIV knowledge, and skills training around sexual risk reduction behaviors and decision making. The intervention is based on Social Learning theory as well as the theory of Gender and Power.

Public Health
Champaign-Urbana Public Health District

INFECTIONOUS DISEASE
CUPHD currently has two mobile units that provide CUPHD services to Champaign County clients in their neighborhoods during times that are most accessible to the residents. This program provides an innovative solution for those residents that desperately need CUPHD services, but are unable to access them due to transportation or scheduling challenges.

Neighborhoods that have received monthly visits from the CUPHD mobiles have included Falcon Way, Mitchell Court, Fountain Valley, Maplewood Estates, Community Center, and Abbott Acres in Rantoul; Fair Oaks and Bueller Terrace in Danville; Candlewood Estates in Mahomet; Good Samaritan Soup Kitchen in Decatur; Catholic Worker House and Restoration Urban Ministries in Champaign; sites in Gifford, Seymour, Tolono, Ludlow, and many others. CUPHD mobiles are also available for events such as the Champaign County Fair, neighborhood and church health fairs, and much more!

Teen WOW is now in three Champaign high schools, one Rantoul high school, and one high school in Mahomet.

CUPHD MOBILE PROGRAM:

INFECTIOUS DISEASE 2008 
CLIENT SATISFACTION SURVEYS

111 Client Satisfaction Surveys were completed for Infectious Disease in 2008. Of the completed surveys, 69 responses were for the STD Clinic and 42 were for the Mobile program.

It should be noted that, on average, 96% of clients surveyed “strongly agreed” that they were satisfied with the services that they received and 97% “strongly agreed” that they would recommend the services to their friends.

FAMILY CASE MANAGEMENT

Family Case Management provides preventative care, developmental testing, immunizations, referrals and follow-up for pregnant women and children who meet income guidelines. Home visits are done once during pregnancy and once during the postpartum period. The car seat program is in collaboration with Safe Kids of Champaign County. The Illinois Department of Public Health (IDPH) Genetics Grant provides funding for prenatal genetic screening. Denver II and Ages and Stages standardized developmental screenings are used and the Edinburgh tool is used for postpartum depression screenings.

VACCINES FOR CHILDREN

CUPHD provides immunizations to kids through the federal Vaccines for Children (VFC) program. There is no cost for these vaccines, and there is only a small administrative fee for each dose, which is billable to Medicaid.

Any child who lives in Champaign County AND who is a Native American or a Native Alaskan, OR is uninsured, OR has insurance that does not fully cover the cost of vaccination is eligible for vaccines. Underinsured children are eligible through an agreement with Frances Nelson Health Center.

**DIABETES PROGRAM**

The Diabetes Program is funded in part by the Illinois Diabetes Prevention and Control Program (IDPCP) with a grant from the Centers for Disease Control and Prevention. In cooperation with the University of Illinois Extension Services, a bimonthly newsletter is sent out to persons with pre-diabetes or diabetes who have enrolled in the diabetes program. The statistics from their enrollment and yearly reviews help to form the picture of diabetes care in Champaign County.

**COMMUNITY HOME NURSING PROGRAM**

*2008 marked the end of this program due to changes in the law.*

The Community Home Nursing Program offers skilled nursing assessments and disease management for patients with diabetes, hypertension, coronary artery disease, glaucoma, and cancer. The program assists with medication management, nutrition and client-centered education related to disease processes and management.

PROJECT TNT

Project TNT is a 10-session program delivered to fifth grade students in their classrooms. This program is different from most tobacco education curriculums in that it focuses on changing normative beliefs about the prevalence of tobacco use. Instead of only giving participants reasons not to use tobacco, it equips participants with decision-making skills, as well as effective communication skills.

BREAK THE HABIT

Break the Habit is a partnership between the Illinois Tobacco Quitline and CUPHD. Residents of Champaign County interested in quitting can call the Tobacco Quitline to receive individual phone counseling from an Addiction Specialist. CUPHD will provide the client with nicotine patches based on the recommendation of the Addiction Specialist.

<table>

FREEDOM FROM SMOKING

Freedom From Smoking is a 7-week, 8-session class that focuses on giving the tools for success to residents of Champaign County who want to live tobacco-free. Before participants quit, they look at their habit and the reasons for wanting to be tobacco-free, and develop a customized individual plan to quit. Nicotine patches are offered with this program.

NOT HERE

Not Here is a tobacco sales compliance program for Champaign County. CUPHD notifies all tobacco vendors that they will be checked periodically for age 18 tobacco sales compliance. Congratulatory letters are sent to stores that pass “secret shopper” compliance tests. Reports on stores that fail compliance testing are forwarded to local law enforcement, who do an official check for compliance. The “Not Here” program occurs three times a year.

LETTING GO

Letting Go is a support group for people who are working to quit smoking, no matter where they are in the quitting process. Participants gain tools needed to quit smoking, develop an individualized plan to quit, prepare for trigger situations, celebrate successes with other quitters, and discuss cessation aids and options. The group meets weekly on Tuesday evenings.

SMOKE FREE ILLINOIS COMPLIANCE

Smoke Free Illinois Compliance is an education and enforcement program for Smoke Free Illinois. CUPHD is responsible for receiving and investigating complaints for Champaign County, including those made to the State of Illinois, the smoking complaint hotline at CUPHD, and the CUPHD website. CUPHD will help businesses to comply where possible, and file reports to the Illinois State’s Attorney’s Office if they do not.

SMOKING PROGRAM CLIENT SATISFACTION SURVEYS

Thirteen Break The Habit (BTH) clients were surveyed. All agreed that they were greeted warmly, their information would be kept confidential, that they were seen on time, that written materials were made available during their visit, that they received information on using the nicotine patch properly, were offered a return appointment, and would recommend the program to their friends.

Eight Freedom From Smoking (FFS) clients were surveyed. Six had quit smoking by the end of the FFS clinic. Two were planning to quit in the next 30 days. All said they would recommend the program to others.
NUTRITION EDUCATION
Wellness & Health Promotion offers a series of age-appropriate nutrition education programs and materials for all local schools. Schools may request these programs FREE by calling Nikki Hillier at 217.531.2914.

HAND WASHING EDUCATION
Wellness & Health Promotion offers a series of age-appropriate hand washing education programs and materials for all local schools. Schools may request these programs FREE by calling Nikki Hillier at 217.531.2914.

TRAINING INTERVENTION PROCEDURES (T.I.P.s)
Wellness & Health Promotion provides an alcohol serving training program for all local businesses that serve alcohol. CUPHD partners with the Champaign Police Department to bring this program to area alcohol servers.

SEXUAL HEALTH EDUCATION
Wellness & Health Promotion offers a series of age-appropriate sexual education programs and materials for all local schools. Topics include, but are not limited to, puberty, self-image, sexually transmitted infection, and contraception.

SEXUALLY TRANSMITTED DISEASE HEALTH EDUCATION
Wellness & Health Promotion offers a series of age-appropriate sexually transmitted disease health education programs and materials for all local schools. Schools may request these programs FREE by calling Nikki Hillier at 217.531.2914.
OSTEOPOROSIS PREVENTION FOR TEENS - BONE UP!

Wellness & Health Promotion offers a three-session program for junior high and high school girls to teach them the importance of building bones now to prevent osteoporosis later. Participating girls learn the importance of calcium, foods that hinder and help the absorption of calcium, and make customized plans to increase the amounts of calcium they receive everyday. Participants also learn to make healthy calcium-rich snacks, the importance of weight-bearing exercise, and earn great gear to assist them with increasing this activity.

COORDINATED APPROACH TO CHILD HEALTH (CATCH)

Lucky Tray Day is offered to all CUPHD partner schools participating in the CATCH program. CUPHD interns, staff, and volunteers go to participating schools during lunch and reward students eating their “GO” foods with a raffle ticket. Raffle tickets provide students the opportunity to win great prizes.

Additionally, the CATCH program encourages “Moving Mondays” & “Fitness Fridays”. These are days that schools participating in CATCH ask students to move when told to (over the school intercom system). CUPHD also offers structured physical activities at recess as well.

CATCH:
AVERAGE Number of Participants Per Month 1,233

FOR ADDITIONAL INFORMATION:
217.373.7901
The Illinois Breast & Cervical Cancer Program (IBCCP) contracts with local medical providers to provide FREE breast and cervical cancer screening for women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP program serves women from Champaign, McLean, and Vermilion Counties. IBCCP provides community outreach, as well as educational materials and presentations throughout the IBCCP service area. IBCCP encourages all women to have their annual screenings done and seeks new client enrollments in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screenings yield abnormal results requiring IBCCP medical case management and diagnostic services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.

**ILLINOIS BREAST & CERVICAL CANCER PROGRAM (IBCCP):**

**Champaign- Urbana**

- Average Number of Active Clients Per Month: 350
- New Clients: 207
- Client Outreach: 276
- Breast Cancer Diagnosed: 3
- Cervical Cancer / Pre-Cancer Diagnosed: 6

**Vermilion County**

- Average Number of Active Clients Per Month: 325
- New Clients: 190
- Client Outreach: 168
- Breast Cancer Diagnosed: 4
- Cervical Cancer / Pre-Cancer Diagnosed: 12

**IBCCP 2008 CLIENT SATISFACTION SURVEY RESULTS**

Satisfaction Surveys were mailed to 274 clients. Clients returned 113 completed surveys to IBCCP. Four surveys were returned by the post office as undeliverable. This yielded an adjusted 41.85% response rate.

**NOTE:** 100% of those surveyed said they would recommend the IBCCP program to others.
The CUPHD Vision Cooperative offers access to professional eye exams and eyeglasses for Champaign County residents with Illinois Public Aid. The CUPHD Vision Cooperative staff serve as "gatekeepers" to a coalition of area optometrists and ophthalmologists who have volunteered their time and services for this program.

The CUPHD Vision Cooperative has a wide selection of over 50 fashion frames and colors available at no cost to the client. Additional information on this program is available by calling 217-531-LENS (5367).

This service is now only available to residents of Champaign County.

NOTE: 100% of those surveyed said they would recommend the CUPHD Vision Cooperative program to others. 20% of clients actually stated that they were referred to the program by a friend.

The CUPHD Vision Cooperative 2008 Client Satisfaction Survey Results

549 satisfaction surveys were completed by CUPHD Vision Cooperative clients. The CUPHD Vision Cooperative Vision & Hearing Screening Program provides state-mandated hearing and vision screening to licensed day care facilities, preschools, public schools, and parochial schools upon request. CUPHD employs a state-certified auditory and vision technician.
CUPHD DENTAL PROGRAM

The CUPHD Dental Clinic sees children ages 3-18 enrolled in Champaign or Urbana School Districts. Services include: cleanings, fluoride, x-rays, sealants, restorative care, and simple extractions.

As part of expanded services, the CUPHD Dental Clinic provides exams to children ages K-8 in their schools, using mobile dental equipment. Children who meet eligibility requirements also receive cleanings, sealants, and fluoride varnish treatments.

New in 2008, the CUPHD Dental Clinic also began providing an Oral Health Education and Fluoride Varnish Program for infants and toddlers participating in CUPHD’s Maternal & Child Health (MCH) WIC program. A hygienist is available two days a month on a walk-in basis by referral from MCH. Parents are instructed in the proper care of their child’s teeth, while the hygienist screens for moderate to high risk of developing early childhood caries. The parent also receives written instructions about how to care for their child’s developing teeth and an age-appropriate toothbrush. Written materials are available in English and Spanish.

CUPHD DENTAL CLINIC 2008 CLIENT SATISFACTION SURVEY RESULTS

81 Satisfaction Surveys were completed by CUPHD Dental Clinic clients.
The Urbana School Health Center (USHC) consists of a seamless partnership of trusted local agencies dedicated to the health and well-being of children enrolled in the Urbana School District. Services are available to ALL students of the Urbana School District during their school day, allowing for consistent and convenient carefree medical and dental services. Services include routine exams and procedures; acute care issues stemming from injuries or chronic disease conditions; and counseling and wellness programs. USHC’s community care approach ensures the Urbana School District students the best possible care - away from home.

The Urbana School Dental Clinic sees children ages 3-18 enrolled in the Urbana School District. Services include: cleanings, fluoride, x-rays, sealants, restorative care, and simple extractions.

**ADVOCACY DAY 2008 PARTICIPATION**

On Wednesday, April 9, 2008, several Urbana School District students joined their peers in Springfield, IL to support local school health centers, and to urge local representatives to return funding of these centers to the State budget. Students from USHC had the opportunity to meet with State Senator Mike Frerichs and Representative Naomi Jabousson.
The primary function of the Human Resources Department at CUPHD is to provide administrative services that enable CUPHD and its employees to meet the agency’s overall objectives through:

Recruitment and selection; career guidance and advancement; discipline and grievance advice; formulation and enforcement of employee policies and procedures for best practices; health and safety (ensuring OSHA, CLIA, HIPAA compliance); training and development (skills training and promoting diversity); advice to management staff on personnel issues; benefits administration; monthly staffing statistical reporting; employee relations (ACME); position classification and grading; salary determinations; performance evaluation and management; compliance with employment law; pension administration; resignations and terminations of employment; and administration of equal opportunity policies.

NOTE: 100% staff participated in N-95 testing. 9% unable to wear masks.
ACTIVITY, COMMUNICATION, MORALE & EDUCATION (ACME):

The mission of the ACME committee is to improve employee morale through activities, enhanced communication, and educational opportunities for staff.

Activities that ACME has provided or been involved with throughout 2008 include:

- Crisis Nursery Dodgeball Tournament
- Take Our Daughters & Sons to Work Day
- American Cancer Society Relay for Life
- Holiday Party
- Lunchtime Cookouts
- Ice Cream Socials
- Bake Sales
- Chili Cook-Offs
- Halloween Costume Contest
- Thanksgiving Turkey Raffle
- MUCH MORE!!!

DIVERSITY

Makes The World Go Around!
TAKE OUR DAUGHTERS & SONS TO WORK DAY

On April 25, 2008 CUPHD offered a full day of activities to educate children about Public Health and other “caring professions”. The children focused on interactions designed to exemplify how their everyday choices contribute to a better world. The children participated in designing a public health education campaign which they presented to parents and media at the end of the day.

Over 30 children, ranging in age from 5-16, joined their dedicated CUPHD parents at work and participated in this progressive, interactive event. The day began with breakfast, an “ice-breaker” to help the kids get to know one another, and an overview of public health programs and services. Just before a “business lunch” the group toured the new CUPHD facilities, and explored the fascinating world of bacteria and germs, including a practical application in dental health.
Public Relations is directly responsible for all media relations, advertising, marketing and communications materials, and public information for CUPHD.

All press releases, media requests, and requests for interviews are handled by Public Relations. In 2008, there were 190 media interactions and 42 press releases.
INFORMATION TECHNOLOGY

Information Technology is directly responsible for all day-to-day electronic operations at CUPHD. In addition, Information Technology oversees the creation and updating of the CUPHD website, the CUPHD closed-circuit TV system, phone systems, and audio systems.

Information Technology staff members provide case-by-case solutions for electronic issues, computer trainings and educational opportunities for CUPHD staff. Information Technology is the central resource for research and development of electronic upgrades and equipment.

TOTAL ISSUES - 2008: 1718
The Finance Division is primarily responsible for recording all sources of revenues and expenditures for CUPHD by activity. Finance is responsible for ensuring that all financial activity is in compliance with federal and state regulations, and that all activity is accounted for properly.

The responsibilities of the Finance Division include, but are not limited to, the following functions:

- Expenditures
- Payroll & employee reimbursements
- Medicare, Medicaid, and third party billings
- Cash receipts, including credit card payments and third party
- Grant billings, reporting and monitoring
- Monthly reconciliations of bank statements, subsidiary ledgers
- Monthly financials and board reports
- Annual audit reports
- Annual tax levy and public notice announcements
- Annual budget and public notice announcements
- Annual financial audit
- Financial policies
- Financial forecasting
- Education and recommendations to CUPHD Leadership Team on all financial issues

NOTES REGARDING THE FISCAL YEAR 2008 FINANCIAL STATEMENT

CUPHD had a couple of new endeavors during fiscal year 2008.

1. CUPHD sold the former building at 710 North Neil Street resulting in proceeds from the sale to be recognized in the financials. Those proceeds were used to pay the principal on the outstanding bond issuance from October 2006.

2. CUPHD continued with the remodeling of the new facility at 201 West Kenyon Road. Those improvements encompassed the majority of the capital outlay expenditures in fiscal year 2008. Due to the timing of the bond issue in 2006, the expenditures were covered by the reserved fund balance from the prior year.
